

OHSAS 18001 Awareness (1 Day Course)

Course Overview

Organizations of all kinds are increasingly concerned with achieving and demonstrating sound occupational health and safety (OH&S) performance by controlling their OH&S risks. This course explores the requirements of OHSAS 18001 and how these will satisfy the organisations concerns.

Summary of Course Features

The course is designed to provide the delegates with an understanding of the requirements of OHSAS 18001:2007

Specific objectives are to provide delegates with:-

- an understanding of OHSAS 18001:2007 requirements
- an appreciation of how to develop and implement an OHSAS 18001:2007 management system
- an appreciation of how to integrate with already developed management systems such as ISO 9001 or ISO 14001
