

## **BS EN ISO 14001 Awareness (1 Day Course)**

### **Course Overview**

Many Organisations are increasingly concerned with achieving & demonstrating sound environmental performance by controlling the impacts of their activities, products & services on the environment. This course explores the requirements of BS EN ISO 14001 and how these will satisfy the organisations concerns.

### **Summary of Course Features**

The course is designed to provide the delegates with an understanding of the requirements of BS EN ISO 14001:2004

Specific objectives are to provide delegates with:-

- an understanding of BS EN ISO 14001:2004 requirements
- an appreciation of how to develop and implement a BS EN ISO 14001:2004 management system
- an appreciation of how to integrate with already developed management systems such as ISO 9001 or OHSAS 18001

### **Course Content**
